DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 7

ADA, OKLAHOMA, TUESDAY EVENING, APRIL 4, 1911

NUMBER 309.

This Store Closes Daily at 6:30 Except Saturday

I. HARRIS

Specialist in Good Clothes for Men

How Do You Judge a Good Clothing Store? There is no doubt a majority of men who know and think about the matter intelligently judge by quality. The reason is that quality is the one thing that most men can't forget; it's the one thing that won't wear out; it's the construction that goes into the garment; it's the satisfaction that you get here that keeps this business growing so rapidly that it's the wonder of the clothing business today.

It keeps our old customers coming year after year and their friends' friends after them, but you'll have to come here to realize it all—the new stocks, the greater varieties, the better qualities—above all, the reasonable prices, the very great values.

Our Offer in Suits at \$12.50, \$15.00, \$20.00 and \$25.00
Has No Equal Any Where Else in Ada

"Beacon" Hats are \$3

Made by Knox. Have no equal at the price. Many \$3.50 and \$4.00 Hats are no better, if as good. We know this to be so through careful investigation.

Manhattan Shirts

Is it necessary that you should pay from \$2.50 to \$5.00 for Shirts to order when you get the MANHATTAN SHIRTS that fit and wear better for less money?

\$1.50 to \$2.50

You should see the 25c SILK TIES. They look half-dollarish.

COURT DECIDES AGAINST STATE

STATE CANNOT KEEP LIQUOR FROM BEING SHIPPED IN FROM OTHER STATES.

Washington, D. C., April 3.—Because of a lack of jurisdiction the supreme court Monday dismissed two actions brought by the state of Oklahoma against the railroads in the celebrated liquor cases. One was an original action while the other rested on an appeal from the state supreme court. Similar action was taken in the suit against the Santa Fe in the rate case in which the state contended discrimination.

In the former cases the court held that the liquor laws of Oklahoma are a part of the penal laws of a state and should be enforced as such being purely a state matter over which the supreme court had no jurisdiction.

Attorney General West had contended that the state laws simply carried out the acts of congress in the premises in that connection having in mind the stringent prohibition laws in force in the Indian Territory and the Osage nation prior to statehood.

Atty. General West said that the decisions came as a surprise in view of the court's previous holdings in the Kansas against Colorado water cases and the Georgia vs. Tennessee copper case in which the interest of states of Kansas and Georgia were held paramount. In the former the interest of Kansas in the flow of the Colorado river for irrigation purposes were sustained and the same was true as to Georgia's complaint that the fumes of the Tennessee concern destroyed trees across the line in the Cracker state. Just why Oklahoma interests in the freight rates of a foreign corporation doing business in its state's should not be a question for the supreme court as well, is still agitating Mr. West and other Oklahomans here.

This case was brought by Attorney General Charles West against the Atchison, Topeka & Santa Fe and other railroads and express companies, seeking to enjoin them from delivering intoxicating liquors to any person in Oklahoma holding a federal liquor license, and also against transporting liquor into the old Indian Territory, on the grounds that since there was a federal law against the selling or conveying of liquor in Indian Territory for twenty-one years, that it was in violation of the law for railroad or express companies to ever transport liquor into that country. The defendants insisted that the state law, prohibiting them from carrying liquor into the state, was against inter-state commerce and that the Indian Territory law applied only to attempted violations of the law by persons attempting to engage in the liquor business or to convey it from place to place for their own use.

JOHN RALLS KILLS A RARE BIRD

This morning a flock of fifty or more pelicans on their way north flew over the cement plant. John Ralls fired into the flock with a six shooter and proved his claim of being a good marksman by bringing down one of the big birds. It is not often that any of these birds are seen in this section.

The one killed measured four feet eight inches from tip of tail to end of bill. The head and bill measured sixteen inches in length. The body of the bird was white, the wings also white with black tips. The beak was an orange yellow and the feet orange.

J. M. Stanfield, who for over a year has been engaged in the grocery business, has sold his store to Dr. T. F. Brents, who recently returned from Byars. Mr. Stanfield was a popular man with his customers, for he was at all times obliging to them and they will regret to see him quit the business, but Dr. Brents is an old timer here also and he too will maintain the good trade his predecessor built up.

EASTER GOODS

Don't forget our Novelty department for Easter Goods.

Hair Nets, large size, 5c.
Cut prices on things that cut—Scissors, Pocket Knives, Butcher Knives, Safety Razors, Toledo safety razors with 12 blades, for \$1.00, fully guaranteed.

DORMITORY FOR THE NORMAL

IMPORTANT MEETING HELD YESTERDAY AFTERNOON—WAYS AND MEANS DISCUSSED.

Yesterday afternoon a meeting of business men was held at the quarters of the 25,000 Club to discuss the dormitory question. It is dawned on the citizens of Ada that if the prestige of the normal is to be maintained something must be done for the convenience of the students and that the expenses must be reduced to a level of the older schools. Interest in the matter has been growing for some time and the meeting was simply a method of giving expression to this feeling.

Judge U. G. Winn was elected chairman of the meeting and T. P. Holt secretary. President Briles stated the object of the meeting and gave an account of the difficulties under which the school is now laboring. He stated that four counties are ready to join with Pontotoc in a big summer

normal and that something must be done for the convenience of the students. He submitted plans for a 48-room dormitory which would do much to solve the problem if built.

A. L. Beck then reviewed the situation and declared that relief must be had or the Ada school would be in jeopardy.

Prof. T. W. Kennedy, former principal of Collins Institute, made a short talk in which he gave his experience in managing a dormitory and offered some valuable suggestions in the matter.

Otis Weaver moved that a committee be appointed to devise ways and means of building a dormitory sufficient to meet present demands at least. It was carried and the following gentlemen appointed: J. W. Hays, C. W. Briles, A. L. Beck, Tom Hope, S. M. Torbett, P. A. Norris and R. E. Blanks.

To have a fine healthy complexion—the liver must be active, the bowels regular and the blood pure. All this is brought about by using HERBINE. It thoroughly scours the liver, stomach and bowels, puts the body in fine condition and restores that clear, pink and white complexion so much desired by ladies. Price 50c. Sold by Ramsey Drug Co.

Read This Short Story

About seven years ago we came to Ada and started a small Second Hand store. During all this time we did not put on a single sale, never claimed that we're selling an article at cost, or below cost, but by buying our goods right and treating the people absolutely fair, we gradually built up our business and now we have the

THE LARGEST AND BEST FURNITURE STOCK IN ADA AND SURROUNDING TOWNS

We have moved to the OLD GRAND LEADER STORE which has been greatly enlarged for our accommodation. We sincerely thank the good people of Ada and Pontotoc county for their liberal patronage in the past and we assure each and every one of the same fair treatment in the future as we have given in the past.

ENTERTAINMENT A SUCCESS

THE REFORMATION PLAY AT THE NORMAL MEETS HEARTY APPROVAL OF PUBLIC.

A large audience filled the normal auditorium yesterday evening to witness the Reformation play, and not one had reason to be disappointed with the program. Not only was it full of interest as an entertainment, but was most impressive throughout. Once more the audience was carried back to the dark ages when knowledge was put under the ban and the man who dared to think for himself was in danger of losing his life. Again the scenes of which we have read were brought to real life by skillful performers and the audience could well fancy itself at the court of Emperor Charles or in an ancient monastery. From a teaching standpoint there is no better way of impressing historical facts than by enacting the scenes on the stage.

The entertainment opened with a grand march of characters representing the German and American states. A number of intricate figures were given the significance of allegorical procession and chorus. Its own, the scene closing with a

chorus. This was followed by a lecture by Miss Brown on the life and times of Luther, each feature of the lecture being illustrated with the stereopticon.

The second part of the program was a scene at the monastery of Erfurth where Luther lived as a monk, the scene closing with a hymn by the choir.

The third and most dramatic scene of all was the trial of Luther before the Emperor at the Diet of Worms. Excellent judgment had been displayed in the selection of characters for this scene and nowhere could a man have been found to act the part of Luther better than did I. Wymore. He seemed to feel every emotion he expressed. Jno. Gardner was well suited to the part of Cardinal Cajetan, the implacable foe of Luther. E. S. Ratliff as Emperor Charles and D. W. Swaffar as the Elector of Saxony likewise performed their parts well. Lenox Roddie as the page could not have been improved upon. These occupying the minor places in the scene could not have been improved upon.

Scene four represented the nuns leaving the convent which had been closed and their return to the world. A feature of this scene were solos by Mrs. Mannville and Miss Van Wormer, and a chorus by the nuns and novices.

The entertainment closed with an allegorical procession and chorus. The costuming of the large num-

ber of participants must in itself have been quite a task, but it was well and effectively done.

The performance will be repeated this evening and all who failed to see it last evening should not miss it this time.

WILL WORK PRISONERS ON COUNTY ROADS

Owing to the depleted condition of the county treasurer the commissioners have not allowed many bills at the present meeting. Now that so

REFRIGERATORS EASY PAYMENTS SMITH 203-5 W. Main St.

much of the unallotted land has been sold and is being fenced, the commissioners are kept busy trying to open roads on section lines. The most important road opened at this meeting is one from Roff to Vanoss. A steel bridge has been ordered built on it across Sandy.

The commissioners have determined to improve the road situation to some extent by working the county prisoners. It is their purpose to take a squad to the vicinity of Hart next Monday and begin operations on some of the new roads in that section. It is their idea—and a good one it is—that the prisoners should be self-supporting and by working them on the roads the county will be repaid the expense of keeping them. This will also relieve the crowded condition of the jail and dispose of some others who would probably be behind the bars if there were room and likewise put the trustees to some use.

A contract was made with Jerry Cragin to raise and put a new foundation under the jail. It will be only a short time until the second tier of cells arrives and the foundation must be strengthened accordingly.

Farmers and others who live at a distance from a drug store should keep in the house a bottle of BAL-LARD'S SNOW LINIMENT. It may be needed at any time for cuts, wounds, scores, sprains or rheumatism. It is a powerful healing and penetrating remedy. Price 25, 50c and \$1.00 per bottle. Sold by Ramsey Drug Co.

be in a frame of mind that will mean
a final determination of the question
against that little place.

Capt. Jack Mills an old war horse
in the newspaper business will push

for work and he is lost in the world
when he is not engaged in the news
paper business. He has edited papers
in many places in Oklahoma and
therefore needs no introduction to
the people. He is what might be called
a general utility man and will
work any place you put him.—Antlers
News-Record.

Tulsa is crowing over the prospect
of getting a cement mill and boasts
that with \$300,000 capital and 700
barrels capacity it will be the largest
in the state. Those hot air artists
should come to Ada for a few pointers.
Why bless your ignorant souls,
boys, the Ada plant has more than
twice that amount of capital and
three times the capacity of your little
mill which as yet only exists on paper.

President Diaz has made about every
concession to the revolutionists
possible unless he steps down and
out. It is likely that this may also
happen, for it has been a long time
since some of those Mexicans were
at the pie counter and more than one
aspires to fill the shoes of Diaz. In
those Spanish-American countries it
is the number of bayonets and not
the number of ballots that counts.

Braddock-Wray.

One of the prettiest weddings ever
witnessed at Steedman occurred
Thursday at 9 o'clock at the public
school building, when Miss Amanda
Wray and Mr. Joseph J. Braddock
were happily married by Rev. Byrd.

The building was elaborately decorated
and the arrangement was very
artistic. The color scheme being pink
and white. With a crowded house,
perfect lights, and an ideal arrange-
ment, there was a beautiful blending
of colors. While Miss Mamie Caldwell
played a march, three couples, Messrs.
Qualls, Starmer and Woolly, and
Misses Jones, Greer and Allred, im-
mediately followed by the bride lean-
ing on the arm of the groom, entered,
filed slowly up the aisle to the
altar, formed a semi-circle under a
beautiful arch where the rites of mat-
rimony were solemnized. The bride
was beautifully gowned, and with
steadiness of features and her many
womanly graces she was envied and
admired by all. The groom came up
to our highest expectations and not-
withstanding the inconveniences and
difficulties which always attend a
function of this kind in a place of
this size, the whole thing was a very
well affair. We predict that the
young couple will never be without a
wide circle of friends, judging from
the large number of presents of cut
glass, silverware, etc.

The bride is an accomplished young
lady from Faulkner county, Ark., and
principal of our public school here.
She is an ex-student of Ouachita
Baptist college, Arkadelphia, Ark.,
and of the state normal, Ada, Okla.
We regret very much to lose her,
and accept her resignation with re-
luctance and with some degree of
sadness—the school board having
already elected her as principal for
next session. She is loved and ad-
mired by all and will never be for-
gotten by her many friends here.

It was demonstrated just how
great the attachment between pupils
and teacher was, when announcement
of the marriage was broken to the
students Thursday afternoon, every
one of whom had an invitation to be
present. It was quite a sympathetic
scene and the friendship must have
been very warm, judging from the
overflow of moisture and the great
number of stained faces.

The groom is a young man of
sterling worth and strong character,
and has many friends here. He is a
mechanical engineer and has a good
position in Muskogee, Okla. He was
with the electric light people of El
Paso, Tex., for three years, and for
quite a while was with the Reeves
Engine people of Wichita, Kan.

After Saturday, April 1st, the
young couple will be at home to
their friends in Muskogee. The writer
wishes them supreme happiness and
smooth sailing during the rest
of the voyage of life. May their years
be many, their disappointments few,
and may every effort of their lives be
a FRIEND.

Burial of Mrs. G. H. Douglas.

Ardmore, Ok., April 3.—Remains of
Mrs. George B. Douglas, the first
white woman to reside on the present
site of Ardmore, was buried this after-
noon in Rosehill Cemetery. She
was 50 years old. Business was sus-
pended from 3 to 4 o'clock this after-
noon upon the request of the Mayor
and Board of Commissioners. Deceased
was the mother of several chil-
dren, one of whom is Postmaster S.
A. Douglas of Ardmore and another
is Clarence B. Douglas, editor of the
Muskogee Phoenix at Muskogee.

TWO MURDER SUSPECTS

ARRESTED IN MEXICO

Muskogee, Okla., April 3.—William
Irvin is in jail here charged with
the murder of Herbert and Stella
Sells, the two negro children who
were killed in the home of Zeb Mack-
ey which was dynamited at Taft two
weeks ago.

Irvin was arrested in the City of
Mexico just after he had secured
deeds to the property of the two
dead children, the deeds purporting
to have been made by Hardy Sells,
their father.

Sells was supposed to have been
drowned in Deep Fork river ten years
ago and the officers believe the per-
son who made the deeds to Irvin is
an imposter. Irvin is a white man,
52 years of age, and has been in the
land business in Muskogee.

While Hardy Sells is supposed to
have been dead ten years, Irvin se-
cured a deed to his allotment in
1909. This, too, was made in Mexi-
co City. The man said to be Sells was
identified by a negro taken to Mexi-
co for that purpose by Irvin in
1909. This negro, Doc Allen, also is
in jail.

Shortly after the two children were
murdered Irvin went to Mexico. Two
officers followed him, arriving in the
Mexican capital forty-eight hours

For Headaches.

There Isn't Any Headache Remedy
That Does The Work Like
Hicks' CAPUDINE.

It gives quick relief from Headaches of
all kinds, including Sick or Nervous
Headaches, and Headaches caused from
heat, cold, grip or stomach troubles.
Capudine is also the best and quickest
remedy for attacks of Cold or Grip. It
soon relieves the aching and feverishness
and restores normal conditions.
Capudine is liquid—easy and pleasant
to take—acts immediately. 10c., 25c.

after he did. When he was placed
under arrest Irvin had the deed to
the land in his pocket. The allot-
ments of Hardy Sells and his two
children are in the Glenn oil pool and
supposed to be worth easily \$100,000.
There are eighteen producing oil
wells on one of the allotments. Other
arrests are expected to follow short-
ly.

OKLAHOMA STILL IN- SISTS ON LAND GRANT

Oklahoma City, April 4.—The state
of Oklahoma plans to continue its
contest to secure title to 210,000 acres
of government land due the state un-
der an act which gave each state 30,
000 acres for every congressman and
senator upon the state's admission to
statehood. Oklahoma has two sena-
tors and five congressmen.

A letter received by the attorney-
general this morning from the inter-
ior department states that in the
opinion of that department congress
did not intend that Oklahoma should
receive this land because other con-
cessions were made to Oklahoma
which other states did not get. It is
merely an opinion.

Weak Contention.

The letter cites the fact that con-
gress granted the state 260,000 acres
for the agricultural and mechanical
colleges by another act and that
while it is not expressly stated, it is
the opinion of the interior department
that this grant was made in lieu of
the land which the state could claim
under the other act. The letter states
that the secretary of the interior
does not believe congress intended that
two grants should be made to Okla-
homa.

It was stated at the attorney-gen-
eral's office this morning that it is a
weak contention on the part of the
government and that any one's con-
struction of what congress intended
will not go far in the courts. It was
also stated that the case will be taken
to the supreme court of the United
States for settlement.

CAPITAL CASE WILL BE ARGUED TOMORROW

Washington, D. C., April 3.—Argu-
ments in the state capital case prob-
ably will be heard in the supreme
court Wednesday. The hearing was
originally set for April 3, but other
court business interfered. United
States Senator Bailey of Texas, who
was employed by Governor Haskell
in the liquor and other cases will
also appear in the state capital case.

The gas case involving the right of
Oklahoma to conserve its own re-
sources, and gas in particular, will
be heard Tuesday. Oklahoma gas
at the present time is being piped
into Kansas despite the protest of
the state authorities, a federal in-
junction having made this possible.

CANADA DOES NOT LIKE NEGRO IMMIGRANTS

Ottawa, Ont., April 4.—The move-
ment of negroes into western Canada
to take up free homesteads, was
brought up in parliament today by
Mr. Thoburn, an Ontario member,
who said hundreds of negro settlers
had emigrated from the United States
and at the rate the movement was
growing there soon would be thou-
sands of them planted in the north-
west.

He said they are not suited to Cana-
dian conditions and would not make
desirable settlers. The government,
he declared, should do something to
discourage the movement. Minister of
the Interior Oliver replied that the
Canadian laws do not prohibit the
entry of negro settlers and the gov-
ernment could only administer the
law. While the situation was being
carefully watched, the government
had not yet seen fit to take drastic
action.

What Spoiled the Coffee.

A family living in East Orange has
a model servant who has proved her-
self the best cook they ever had, but
she has insisted upon making up all
her dishes strictly according to her
own recipes.

"Margaret," said the mistress, one
day, "the coffee you are giving us
is very good. What kind is it?"

"It is no kind at all, mum," was
the reply. "It's a mixture."

"Well, won't you tell me how you
mix it?"

"Sure, mum. I make it one-quarter
Mocha, one-quarter Java and one-
quarter Rio."

"Yes, but that is only three-quar-
ters. What do you put in for the other
quarter?"

"Why, I put in no other quarter
at all, mum. That's where so many
people spoil their coffee, mum, by
puttin' in a fourth quarter, mum."—
Ex.

Bad breath, bitter taste, dizziness
and a general "no account" feeling is
a sure sign of a torpid liver. HER-
BINE is the medicine needed. It
makes the liver active, vitalizes the
blood, regulates the bowels and re-
stores a fine feeling of energy and
cheerfulness. Price 50c. Sold by Dr.

THREE SIDES AT CHICKASHA

Democrats, Republicans and Socialists
All Have Tickets in Field.

Chickasha, Okla., April 3.—The
most exciting campaign ever waged
in Chickasha in a municipal election
closed here Monday night with a
democratic mass meeting. There are
three tickets in the field democratic,
republican and socialist. All through
the campaign the republicans have
been carrying on a quiet fight, mak-
ing the "non-partisan" plea. Demo-
cratic leaders have been very active
along all lines.

J. B. Burton, the democratic can-
didate nominee for mayor, and B. B.
Bridges, the republican nominee, are
running fairly together.

WATERWORKS IMPROVEMENTS

Ada, Oklahoma.
Sealed proposals will be received
by the City Clerk of Ada, Oklahoma,
at his office in the City Hall, until 8
o'clock P. M., April 17, 1911, for the
furnishing of all the tools, labor, ma-
terial and appliances necessary to
unload, haul and distribute pipe, ex-
cavate and backfill trenches and lay,
complete and ready for use, the fol-
lowing approximate quantities of pipe:

Pipe outside of City limits:
66,000 linear feet of 12 inch pipe,
either of cast iron or steel. Bids will
be received for laying each kind of
pipe, 3,000 linear feet of steel pipe,
30 inches in diameter and 3-16 of one
inch thick.

Plans, specifications, form of con-
tract and proposal and full informa-
tion may be obtained from the con-
sulting engineers, Goodwin & Har-
per, 920 Scarritt Bldg., Kansas City,
Missouri.

Each proposal must be accompanied
by a certified check of not less than
five (5) per cent of the amount bid,
made payable to the City Treasurer
of Ada, Oklahoma, as a guarantee
that the bidder receiving the award
will enter into contract with the City
and furnish satisfactory bond with-
in ten (10) days after the contract is
awarded.

The City reserves the right to re-
ject any or all bids, to waive any
informality, and to award the con-
tracts as may be deemed to the best
interests of the city.

W. B. JONES, City Clerk.
Dated April 4, 1911. 309-10td

WATERWORKS IMPROVEMENTS.

Ada, Oklahoma.
Sealed proposals will be received
by the City Clerk of Ada, Oklahoma,
at his office in the City Hall, until 8
o'clock P. M., April 10th, 1911, for
the furnishing of pipe and machin-
ery to be used in the extension and
improvement of the waterworks sys-
tem of Ada.

Bids will be opened before the city
council the same evening and bidders
are invited to be present, and to
submit bids on the following items:
For the pipe required for the con-
struction of approximately 66,000
linear feet of 12-inch pipe line, either
of steel or cast iron.

If cast iron pipe is used, the
amount required will be about as
follows: Class "B" pipe, 246 tons;
Class "C" pipe, 2062 tons; Class "D"
pipe, 750 tons, Total, 3053 tons.

If steel pipe is used, 66,000 linear
feet of 12-inch, O. D. Converse joint
pipe will be required.

Bids will also be received on 3,000
linear feet of steel pipe, 3-16 inch
thick and 30 inches in diameter.

Also on cast iron pipe for exten-
sions to the city mains, all class "B",
approximately as follows: 12-inch
pipe, 135 tons; 10-inch pipe, 124
tons; 8-inch pipe, 63 tons. 6-inch
pipe, 142 tons; Total 464 tons.

For special casting, about 15,000
pounds.

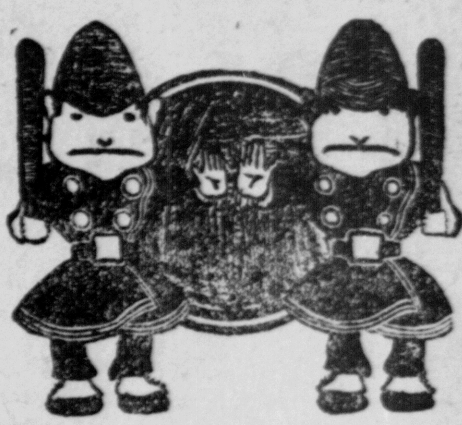

For furnishing and erecting on
foundations to be prepared by the
City, two pumping units, each unit
to consist of one horizontal turbine
water wheel, direct connected to a
multi-stage centrifugal pump, each
unit to have a capacity of 600 gallons
per minute against a total head of
135 feet.

Plans, specifications, form of con-
tract and proposal and full informa-
tion may be obtained from the con-
sulting engineers, Goodwin & Har-
per, 920 Scarritt Bldg., Kansas City,
Mo.

Each proposal must be accompanied
by a certified check of not less than
5 percent of the amount bid, made
payable to the City Treasurer of
Ada, Oklahoma, as a guarantee that
the bidder receiving the award will
enter into contract with the city and
furnish satisfactory bond within 10
days after the contract is awarded.

The city reserves the right to re-
ject any or all bids, to waive any
informality, and to award the con-
tracts as may be deemed to the best
interests of the city.

(Seal) W. B. JONES, City Clerk

THE BEST KIND OF PROTECTION.

you can give your home is to
install electricity. Burglaries
seldom occur in homes where
an up-to-date electric system is
in use. By the simple pressure
of a button, you can flood your
home with light and no burglar
will tarry long where he is like-
ly to be seen. Also an electric
burglar alarm system will an-
nounce any effort to force an
opening. These are only two of
the many uses to which electric-
ity can be put to about your
home.

The Pioneer Plumber

A CASE OF PTOMAIN POISONING

Last night Mrs. H. S. Bradley was for some hours in a serious condition resulting from ptomaine poisoning. However by hard work she was saved and is out of danger today. It is supposed that she was poisoned by eating canned tomatoes.

W. N. Naylor left this morning for McGregor, Tex., on a visit to his son. For sometime he has suffered from an attack of rheumatism and it is hoped that the change may prove beneficial to him.

Carlton Weaver came down from Tulsa on matters of business yesterday afternoon and has been giving his friends the glad hand today. He says he is getting along fine with his potato crop and in proof of his unflagging industry exhibited a fine crop of corn in his hands that has already matured. He also reported a fine rain at Tulsa yesterday morning.

Commissioner Geo. Montgomery is very hopeful just now that oil will be found in his neighborhood within the next few months. J. E. Crosbie of Tulsa, who recently took many leases in that section of the county, has contracted to begin operations within sixty days on some leases and on others at longer intervals. He is reported to have posted a forfeit in one case. It looks like business and the News hopes to see gushers all over Pontotoc county with in a year.

Owing to the fact that he has been tied up on jury duty for the past two days, the business public has not seen much of A. B. Yeager, business manager of the News, but in a day or two more he will be mixing about among the business firms as lively as ever. Meantime Miles Grigsby is doing some good service for the office on the outside.

Notice.

All persons indebted to me are hereby warned that they must always settle their bills by the fifth of the month or their credit will be cut off.

M. WALSH,
The Grocer.

Married.

A surprise was treated their many friends when it was learned that Miss Clara Faught and Mr. Curtis Wilburn were united in marriage Sunday afternoon at the home of the bride's parents in Paris, Texas.

Miss Faught is quite popular in social and school circles in both Paris and Hugo and has by her charming personality won a host of friends in those places.

Mr. Wilburn, recently from Epworth law school, is a Choctaw Indian and who has been for the past year a resident of Ada and is well known here as a capable and deserving young man. After May 1st their future home will be in McAlester.

Farm for Sale.

110 acres, 35 in cultivation, balance grass. 1 1/2 miles west of Center. Price \$2000. Geo. A. Harrison & Bro. 304-6td-51-wtf

Many Oil Leases Secured.

The News is informed that parties from Tulsa have secured about 20,000 acres of oil leases on land between here and Roff and west as far as Vanoss. They have not made public their plans but it would appear that something will soon be doing in Pontotoc county that will finally determine the extent of the oil field of this section. Another year will probably determine the question once for all.

Fine Farm for Sale.

340 acres, 225 in cultivation, 3 sets of houses. Will take part city property. 22 miles south of Ada on Blue. Price \$30.00 per acre. Geo. A. Harrison. 304-6td-51-ltw

Wash Those Pimples Off.

Use D. D. D., that mild, soothing wash, that recognized remedy for Eczema and all skin troubles. First drops take away that awful burning itch, cleanse the skin—wash away every pimple—every impurity. Nothing like D. D. D. for the complexion. Get a 25c trial bottle today—worth ten times its cost to have a bottle in the house. At any rate, drop into our store to talk over the merits of this wonderful prescription. Ramsey Drug Co.

Baptist Fifth Sunday Meeting at Center.

Rev. W. J. Shipman informs the News that the Fifth Sunday meeting of the Pontotoc County Association will be held at Center. It will begin Thursday night April 27 and continue over Sunday. The program will be published in a few days.

"THE VALUE OF MIRACLES"

Subject of Miracles Handled Last Evening by R. A. Blalock—Three Added, Several Baptisms.

Another good audience last night greeted R. A. Blalock who is leading the revival meeting at the First Christian church. There were several baptisms and at the invitation three made confession of their Savior.

The new song books have arrived and the singing was inspiring. Plenty of books for all are provided.

The subject for the evening was the Value of Miracles. The speaker said in part that those who reject the miracles of Christ on the ground that miracles are impossible because they violate the laws of nature, are themselves more wonderful than any miracle ever performed by Christ, for show me a man who is familiar with all nature's laws and I will show you the greatest miracle of all the ages.

Two of Newton's three laws of motion have been put out of commission by other scientists.

The miracles belong to God, so also do nature's laws and this makes precisely all the difference.

The world has many great men, who in their day and generation minister to its needs.

But what this sinning, suffering, groaning world needs above all else, is a Savior. Some one who can heal all our diseases. You who can see and hear, can walk and talk, may not feel the need of a Savior tonight, but the blind, the deaf, the dumb and the poor shut-in's, what has this life to offer them? Nothing, nothing but darkness, silence and helplessness, unless Jesus is all he claimed to be. And if he is all he claimed to be, if while he was here upon earth, the blind received their sight if the deaf were made to hear and the tongues of the dumb were loosed, if the lame and the helpless ones of earth under the spell of his divine power, could walk and leap, then there is hope.

For the same Jesus who two thousand years ago opened the eyes of the blind, unstopped the ears of the deaf, loosed the tongues of the dumb and caused the lame to walk, can and will restore the helpless ones of earth to normal conditions when they reach that land where all men are perfect.

But rob Christ of his divinity and you plunge this world into darkness, despair inconceivable.

Tonight's subject will be "A Hero of the Cross."

PROGRAM

Pontotoc County Teachers' Association April 29, 1911, North Ada Public School Building 10 o'clock A. M.

Invocation—Rev. D. J. Austin. Address of Welcome—M. L. Perkins, vice president E. C. S. N. Response—A. L. Shattox, Roff. Music—Normal Male Quartet. The Ideal Rural School—J. O. Mc-Minn, Homer.

Busy Work in the Primary Grades—Miss Laura Fisher, Allen.

The Reformation Play Tonight.

Don't fail to see the Reformation play tonight at the normal. Reserved seats, 75c, 50c and 35c; children under five with parents free; five to twelve 25c, with special seats in front.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil-of sunshine—and of atmosphere,—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vasoline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STEPHENS OUTLINES INDIAN LEGISLATION

Washington, April 4.—There will be no general Indian legislation during the special session of congress, but the new house committee on Indian affairs will do a lot of preliminary work looking to the putting through of an Indian affairs policy of its own when the regular session opens in December.

What the policy will prove to be, can not at this time be definitely foretold, but on the subject as to what it should be, Representative John H. Stephens, the chairman of the committee and for fourteen successive years a member of that committee, has some positive views.

First of all, Judge Stephens believes that all of the segregated lands should be sold separate from the mineral they contain. He would sell the agricultural lands in tracts of 160 acres each, and the pasture lands in tracts of 640 acres, the lands to be sold only to bona fide settlers. He would lease the mineral rights for the benefit of the Indians as is done now, with all proper safeguards against the operators forming combinations or exacting extortionate prices from the consumers.

Judge Stephens believes that the matter of the Indian rolls should be subjected to a close investigation and adjudication, to the end that names on the rolls not entitled to enrollment be stricken off and that names not on the rolls, but entitled to be there, be added.

Next, Judge Stephens believes in a sweeping law that will prevent any person or firm from making contracts without the consent of congress with any Indian whose restrictions have not been removed, or any Indian tribe, which is still the ward of the government, and he believes in annulling all contracts that have heretofore been made without the sanction of congress.

On the subject of educating the Indians, Judge Stephens believes that the states should educate the children of all such Indians as have become citizens through the removal of their restrictions and that the federal government should educate the children of those Indians who are still wards of the government. He would have no schools far removed from the reservations of the Indians, and can see no great benefit either to the Indians or the Nation in such institutions as the Carlisle Indian school in Pennsylvania.

As to the administration of the Indian affairs in Oklahoma, he says the investigations of the Indian committee in that state last year shows that the maintenance of the office of Commissioner of Five Civilized Tribes and the union agency duplicated much work and that a merging of the two offices would not only save money, but would render the work of administration more effective in that it would prevent present conflicts of authority. Personally, Judge Stephens would place all of this work in the hands of the commissioner of the Five Civilized Tribes and abolish the union agency.

Judge Stephens has already begun work of preparing bills to cover these policies, and it is expected that hearings on them will be had this spring so that the committee can formulate its proposed legislation when the regular session opens next winter.

To My Friends.

I have accepted a position with the Ladies' Specialty Store where I will be pleased to wait on you.

Respectfully,
MRS. NOLA B. OMAN.

309-1td

Righteous Indignation

"so you want a divorce, do you?" said the lawyer, peering over his glasses at the worried little man in front of him.

"Yes, sir. I've stood just about all I can. My wife's turned suffragette and she is never at home."

"It is a pretty serious thing to break up a family, you know. Don't you think you had better try to make the best of it for a while? Perhaps it is only a passing fad."

"That's what I have been doing, but there are some things a man can't stand. I don't mind the cooking and I haven't kicked on washing the dishes, but I do draw the line at running pink ribbons in my night-shirt to try to fool the children."

Bonds Ready for Delivery.

The waterworks bonds have arrived and by tomorrow everything will be ready for taking them to Guthrie for the approval by the attorney general. As soon as that formality has been complied with they will be delivered to the purchasers and the money turned over to the city.

CONVICTIONS IN COUNTY COURT

After once getting started yesterday afternoon the county court did some rapid work. Before night two cases were tried. One of these was against Ellis James of near Franks who was charged with bootlegging. The jury disagreed, the vote standing two for conviction and four for acquittal.

Two brothers by the name of Sanders from Fitzhugh were tried on a similar charge and were given the minimum penalty of \$50 and 30 days each.

This morning Tom Miller was tried on a charge of petty larceny it being alleged that he swiped some turkeys belonging to Ben Turner a few miles south of town. The jury found him guilty and assessed his punishment at a fine of \$20.

Unless, it was last year when the a plea of guilty to a charge of bootlegging.

As this paper goes to press Ben Stickley is being tried on a charge of killing a mule belonging to Mr. Pryor near Jesse.

LITTLE INTEREST IN CITY ELECTION

Willard Tinsley of Vanoss entered city election went by default in all except the First ward, there has probably never been a city election at which so little interest was manifested as the one of today. It is probable that this is partly on account of the election coming so soon after the waterworks election.

At 3:30 only 41 votes had been cast in the First ward, 19 in the Second, 30 in the Third and 15 in the Fourth. As the polls do not close until 7 o'clock it is probable that 40 or 50 more will be voted by closing time.

PARENTS COME IN HANDY

Worthlessness and Miscellaneous Degeneracy Is Greatly Exaggerated—Still a Factor in Life.

Parents are a considerable convenience, especially nowadays, when so many of them have learned their place, and especially in this town of New York, where it costs all you can earn to provide a winter habitation, and where the young wives of earnest workers like me are apt to be a good deal out of a job in summer. Much more systematic provision is made to carry my kind of man through the summer than for Cordelia's kind of woman—the clubs, for example. For man and wife at our stage of life parents, duly qualified and equipped, are a very suitable and timely provision. Indeed, I feel sometimes that the worthlessness and miscellaneous degeneracy of parents in these times is exaggerated. I don't say this by way of casting an anchor to the windward, nor out of mere magnanimity, but because I honestly think so. People say that parental authority is all gone. Some think it good riddance; others lament. Since democracy came to be the fashion, everybody wants his own way more than formerly, and gets it rather more, children included. But parental direction is still a factor in life, and influence gets to the springs of action and character even more effectually than dogmatic authority. Parents doubtless realize the limitations of their calling better than they did, and a good deal more is done in these days than formerly to piece out their deficiencies and help them with their duties.—E. S. Martin, in Harper's Magazine.

Some Tail Feathers.

After a century of effort, and with rare patience, the Japanese have evolved from the common barnyard fowl a rooster with tail feather three yards long. Indeed, they often measure five and six yards in length. The birds are confined in long, narrow cages, darkened to prevent attempts on the part of the bird to look downward. After the tail feathers have grown to reach the bottom of the cage, a bamboo perch is set back in the cage, bent so as to for an arch—this perch permitting the feathers to hang free. The rooster stands all day on a narrow bar, with head up and body straight, and after close confinement from 24 to 48 hours the keeper takes the fowl out and permits it to walk for half an hour, the man holding up the tail feathers to prevent them from becoming soiled. Occasionally the bird is carefully washed with warm water, and exposed to the sun and air to dry. When the bird travels it is put into a long, narrow box, similar to the boxes which the Japanese use in carrying rolls of paintings, while the tail is rolled up, carefully, and shut into a compartment just fitted to its dimensions. The birds are robust, despite their close confinement, resisting the heat and cold remarkably well, and frequently living to be nine years old. They are also tame and affectionate in disposition. The hens of this improved race are pretty, though not comparable with their mates, and they lay about thirty eggs a year.
